National Cadet Corps
Hindu Kanya Mahavidyalaya, Jind
Event: Workshop on 'Digital Warrior: Cyber Security, Digital Awareness and Responsible Citizenship'
12th October, 2026

On the 12th of October 2026 the National Cadet Corps (NCC) wing of Hindu Kanya Mahavidyalaya, Jind organized a Workshop on the theme 'Digital Warrior: Cyber Security, Digital Awareness and Responsible Citizenship' to educate cadets about cybersecurity and digital security. Mrs. Ritu, Assistant Professor of the Computer Science department of the college served as the resource person for the workshop. She provided the cadets with valuable information regarding cybersecurity, online fraud, OTP fraud, fake links, safe use of social media and the protection of personal information. She explained various topics in a simple and effective manner through PowerPoint presentations (PPTs), which helped the students understand the practical aspects of cybersecurity. During the workshop, NCC cadets participated enthusiastically and shared their views with the resource person. The principal of the college Dr. Poonam Mor praised the workshop, stating that cybersecurity awareness is crucial in the current digital age. The program was coordinated by Mrs. Arti Saini, NCC CTO. While guiding the NCC cadets, she inspired them to be aware and alert about cyber security. She expressed her gratitude to the resource person, Mrs. Ritu, for the useful and informative information provided through a PowerPoint presentation. She said that in the current digital age, knowledge of cyber security is essential for everyone and such workshops play an important role in helping the students avoid online fraud. NCC trainer Miss Poonam was especially helpful in organizing the program successfully. 45 students enthusiastically participated in this workshop.
