**Event: Awareness Lecture on Digital Literacy**  
**9<sup>th</sup> February, 2024**

On February 9<sup>th</sup>, 2024 an awareness lecture on the topic “Digital Literacy” was organized at Government High School, Khokhri by Mrs. Shivani, Assistant Professor of Department of Computer Science, Hindu Kanya Mahavidyalaya, Jind, under which Mrs. Shivani made the students aware about digital literacy and explained that digital literacy is the ability to effectively find, evaluate, use, create and share digital information and resources through various digital devices and platforms. She also said that digital literacy involves a variety of skills, including navigating the internet, critically evaluating online information, communicating effectively through digital channels, and using digital tools for personal and professional purposes. Digital literacy is essential in today's technology-driven world, enabling individuals to participate fully in society, access educational and employment opportunities, and engage responsibly in the digital sphere. She also pointed out that this is the digital era in which everyone should have the smallest and largest digital information. While explaining to the students, she said that in this environment, we should adopt such techniques in our daily life so that we can be successful in future. On this occasion, Principal of the college, Dr. Poonam Mor, Head of the Management Committee, Dr. Anshul Singla and other members congratulated Mrs. Shivani for her commendable work and wished her a bright future. On this occasion, the entire staff of the Government High School was also present there.
