Report of the Event

On April 16th, 2024, a one-day workshop on the topic 'Entrepreneurship Development' was organized by the Department of Computer Science, Hindu Kanya Mahavidyalaya, Jind. The program was presided over by the principal of the college, Dr. Punam Mor and conducted by Mrs. Shivani, Assistant Professor of Computer Science Department. The resource person of the workshop was Mr. Siddharth Wanjari, former manager Aakash and Byju's. He explained to the students in detail about the definition, characteristics, need, process, types of entrepreneurships and the risks faced by entrepreneurs. He explained the characteristics of entrepreneurship development, the ability to make new changes, decision-making skills and management. He said that entrepreneurs are needed for the development of the economy and it provides employment opportunities and innovation. He also explained financial risk, personal risk, career risk and psychological risk in entrepreneurship. He explained in detail the difference between an entrepreneur and a manager with examples. He said that the process of doing business starts from the moment the entrepreneur starts thinking about what business he wants to do. He told the students to pay attention to market research and said that before starting a business, market research has to be done. You also have to see the needs of your customers as to how you can fulfil the needs of your customers and grow your business well. He tried to explain the subject with interesting examples through PPT. In this workshop, 38 students of the college participated. At the end of the program, Mrs. Shivani, Assistant Professor of Computer Science thanked everyone. President of the Managing Committee Dr. Anshul Singla and Principal Dr. Punam Mor congratulated the Computer Science Department for successfully organizing the workshop. On this occasion, Mrs. Anju, Assistant Professor of Mathematics and Dr. Monika, Mrs. Kirti, Mrs. Nischal, Mrs. Vinny and Ms. Surbhi were especially present there.
