

## **Extension Lecture on “Cyber Security”**

An extension lecture was organized at Smart Kids Public School by Mrs. Sunita, Assistant Professor of Computer Science Department, Hindu Kanya Mahavidyalaya on 24 May, 2023. Under which she made the students aware about cyber security and explained that do not click on any unknown link. And the children were also explained that they should use the mobile under the supervision of their parents, so that you do not become a victim of cybercrime.

She also told that we should also take care of our mental health and maintain distance from internet and mobile phones. Principal of the school Mrs. Manju and teachers were also present on the occasion.

## Glimpses of the event
