Event: Short Video-Making Competition
13th January, 2026

The NSS unit of the college organized a Road Safety Week from January 11 to 17, 2026. The main objective of this initiative was to raise awareness about road safety rules among students and the wider community. Mrs. Kranti, NSS Program Officer, coordinated this entire program. The program commenced on January 12, 2026, by displaying road safety rules on the college board so that all students and staff could easily access the information. The main highlight of the program was a short video-making competition held on January 13th, with the theme "Drive Safe, Stay Safe." This competition encouraged participants to contribute to the dissemination of important safety messages in a creative way. On this occasion, the Principal of the college, Dr. Poonam Mor, addressed the volunteers, stating that road safety is extremely important for life, and every individual should follow these rules to keep their own and others' lives safe. She emphasized that safe roads are the foundation of a developed society. Mrs. Rekha Saini, Associate Professor, Department of Commerce, and Mrs. Neelam, Assistant Professor, Department of Political Science, served as the judging panel. In this competition, Anshu, a B.A. second-year student, secured the first position, Sajida, a B.A. third-year student, secured the second position, and Manjula Jain, a B.C.A. second-year student, secured the third position. The Principal awarded prizes to the first, second and third-place winners in this competition and heartily congratulated all the students for their active participation. Within this week, an online road safety rules quiz competition will also be organized, aiming to test the knowledge of the girl students and make them more aware of road safety. It is highly relevant for volunteers to follow road safety rules, as they often travel for community service activities. By following these rules, they not only ensure their own safety but also set a safe example for others, thereby building a responsible and safe society.

Glimpses and Media Coverage of the Event
