

**Department of Physics & Chemistry**  
**Hindu Kanya Mahavidyalaya, Jind**  
**Event: Workshop on Personal Care Chemistry (Cosmetic Chemistry)**  
**29<sup>th</sup> September, 2025**

The Department of Physics and Chemistry organized a one-day workshop at Hindu Kanya Mahavidyalaya, Jind on 29<sup>th</sup> September, 2025. The topic of this workshop was Personal Care Chemistry (Cosmetic Chemistry). The workshop was inaugurated by the college principal, Dr. Poonam Mor. Addressing the students of the Science Department, she explained that cosmetic chemistry is the science of chemical compounds used in the manufacture of cosmetics, which is crucial for skin care and the development of safe and effective products. The keynote speaker, Assistant Professor Nisha Pruthi of Government College, Jind addressed the students and explained that cosmetic chemistry refers to the chemicals used in the manufacture of cosmetics. This involves understanding the molecular structure of ingredients and evaluating their effects on the skin. The cosmetics industry uses safe chemicals to avoid harmful side effects. She also explained that both natural and synthetic chemicals are added to cosmetics to provide attractive fragrances. In the final phase of the workshop, Principal Dr. Poonam Mor and the Science Department in charge Mrs. Arti Saini, Dr. Jyoti and Mrs. Pooja honoured the keynote speaker with a memento. Twenty-five students from the Science Department were present on this occasion.
