

Youth Red Cross Cell
Hindu Kanya Mahavidyalaya, Jind
Event: National Deworming Day
26thAugust, 2025

On National Deworming Day, August 26, 2025, the Youth Red Cross Cell of Hindu Kanya Mahavidyalaya organized a program under the district administration's initiative. Dr. Seema Dalal, In-charge of Youth Red Cross Cell, conducted the program. Around 200 students were distributed Albendazole tablets sent by the Civil Surgeon, District Jind. Dr. Seema Dalal briefed the students about the dosage, benefits, and health impact of Albendazole.

Principal Dr. Poonam Mor addressed the students, highlighting the importance of deworming and hygiene. She emphasized that worm infection is a common issue affecting health, but can be easily treated with Albendazole. The program aimed to create awareness about worm infection and the significance of Albendazole. Students resolved to prioritize their health and regular check-ups.
