

Library Hindu Kanya Mahavidyalaya, Jind Event: Workshop on 'Copyright Rules and Challenges in Libraries' 25th April, 2026

The librarian of Hindu Kanya Mahavidyalaya, Jind organized a workshop on 'Copyright Rules and Challenges in Libraries' on 25th April, 2026. The program was inaugurated by Principal Dr. Poonam Mor. Addressing the students, the keynote speaker, Assistant Professor Ashish Kumar of the Computer Science Department of Government College, Jind stated that libraries are facing copyright-related challenges in this era of internet and social media. Software and design piracy cases are increasing day by day, increasing the risk of copyright infringement and causing significant financial losses to the original author. Libraries also require permission from copyright holders to upload digital content online. Librarian Dr. Pinki informed the students that open access content is free, but not all digital content is free, leaving readers perplexed. To address this issue, libraries should have copyright guidelines. The college principal also addressed the students, stating that library staff should explain all copyright-related rules to students in detail.

Glimpses and Media Coverage of the Event
