Report

On November 15, 2025, an online lecture on AI & I4.0 Tools for Innovators and Entrepreneurs was organized under the joint aegis of the Institutions Innovation Council and the Department of Computer Science at Hindu Kanya Mahavidyalaya, Jind. The program aimed to inspire students towards innovation and self-reliance. The program began with a welcome address by the college's Principal, Dr. Poonam Mor. In her address, she stated that skill development is the key to success in today's competitive era. She urged the students to integrate communication, leadership, and financial skills with their personality development to become successful entrepreneurs. The first speaker at the program was Mrs. Suman, from Guru Jambheshwar University of Science and Technology, Hisar. She stated that innovation, design, and entrepreneurship are the need of the hour. We must adapt to the times and embrace new technologies and ideas. She emphasized that for a successful career, one must approach one's work with

sincerity and complete honesty and always remain a student so that we can continue to learn something new every day.

The second speaker was Dr. Poonam Singla, Associate Professor, Geeta University. In her lecture, she emphasized the use of cybersecurity and AI. She explained to the students how AI can be used in various fields and discussed its potential benefits. The program was highly informative and encouraging. The students actively participated in the session and asked questions of the speakers. The workshop aimed to make students aware of AI and its tools and encourage them to use it. The program was successfully conducted and coordinated by Dr. Priyanka Sahni, Convener, Institute Innovation Council. She thanked both speakers and Principal Dr. Poonam Mor, stating that such programs inspire students to become self-reliant and innovative. Approximately 84 students participated in the program. On this occasion, Mrs. Sunita, Mrs. Shivani, Mrs. Ritu, Mrs. Nischal, Mrs. Prachi, Ms. Shreya and Ms. Surbhi were also present.

The screenshot shows a Zoom meeting interface. At the top, the name 'Poonam (Presenting)' is visible. Two video thumbnails are shown: one for 'HKMV' and one for 'Poonam'. The main content is a presentation slide titled 'Password Security' with a yellow padlock icon. The slide text reads: 'Password security means protecting your online accounts by creating strong, hard-to-guess passwords.' It includes a section 'How to Create a Strong Password' with a list of tips: 'Use at least 12 characters', 'Mix uppercase, lowercase, numbers, and symbols', 'Avoid names, birthdays, or common words', and 'Use a password manager (like Bitwarden or LastPass)'. It also provides an example 'Milk@T3a#2025' and 'Bad Password Examples' like '123456, password, abcd1234'. The Zoom control bar at the bottom shows the time as 12:06 PM and various icons for mute, video, chat, and other functions.

The photograph shows a classroom setting. A large projection screen on the left displays a Zoom meeting with two participants. The room has blue curtains, a ceiling fan, and a projector. A sign on the wall reads 'Geeta Group of Institutions, Jind'. A 'GPS Map Camera' overlay is present in the bottom right corner, providing the following information: 'Jind, Haryana, India', 'Sfd Road, 888c+r54, Rani Talab, Jind, Haryana 126102, India', 'Lat 29.317304° Long 76.319949°', and 'Saturday, 15/11/2025 12:41 PM GMT +05:30'. A 'Google' logo is visible in the bottom left corner of the map overlay.
