

Report of Mathematics Department (2018-19)

Department of Mathematics was established in 1982. We have introduced B. A. Maths (Hons.) on U.G.C. pattern in the session 2005-06. Our students always achieved positions in the university merit list. Our students are pursuing higher education in different universities and institutions and are well settled in their professional life. We ensure effective learning through two way communication. We not only teach our students prescribed syllabus but also guide them for entrance test and train them for competitive exams for various government and private jobs. We discourage cramming. We give our best to make them understand the subject. We are always ready to help our students. We not only give the bookish knowledge to our students but help them nourishing their personalities by engaging them in presentations, group discussions etc. We encourage our students to participate in inter college, state and national level competitions. As a result, our students participated in “Madhava Mathematics Competition, HBCSE, TIFR (DAE)” held at Arya P. G. College, Panipat in which Anshul got 1st position, Preety & Varsha got 2nd position and Annu got 3rd position in college.
